

**Register today** for our free webinar,  
*How the Reliable Digital Workflow Will Improve the Way You Match Color*

**Date: Thursday, May 11**

**Time: 2:00 PM EST**

You'll learn how the reliable digital workflow is helping people just like you get products to market up to **25% faster!** Plus see how new technologies will save you enormous amounts of time in areas like data sharing, online collaboration, system administration, operator training and more!

**When it comes to color matching, getting there efficiently is just as important as getting the right color.**

**Now you can do both.**

Plus you'll have an opportunity to have your questions answered by a leading authority on enterprise color management workflows, [Roland Connelly](#).

**SPECIAL BONUS:** All registered attendees will receive a free white paper on the reliable digital work flow. So what are you waiting for?.... You're just 30 minutes away from saving hours... days... even weeks from your hectic work life. [Register now!](#)
